

# Affix Action

Place the game board and the game pieces in the middle. Place the sentence cards face down by the game board.

Take turns taking the top card from the stack. Read the sentence to your partner, saying “blank” at the underline. Check the answer on the bottom of the card.

Your partner has to say the correct word and the affix. If your partner is correct, your partner can move to the next space on the game board that has the same affix.

Continue until someone reaches the end of the game board.

**When you finish the game, write at least 5 words and their affixes in your Notebook.**
