

Analogy Action

Place the analogy cards face down in a stack. Each player needs a word triangle.

Take turns drawing a card from the stack. Read the phrase and look on your triangle for a word that completes the analogy. If you have the correct word, put a marker on it. If you don't have a matching word, place the analogy card on the bottom of the stack.

Continue until all the analogy cards are used.

When you finish, choose five analogies to record in your Notebook. Write the analogies and the answers.
