

Incredible Inferences

Place the inference cards face down in a stack in the center. Each player needs an inference triangle.

Take turns drawing a card from the stack. Read the card and look for a word or phrase on your triangle that answers the question on the card. If you have the correct word or phrase, place a marker on that spot. Put the inference card in the discard pile. If you don't have a matching word or phrase, put the inference card at the bottom of the stack.
