

Synonym--Antonym Connections

Place the header cards face up in a row in the center in the following order:
SYNONYM, WORD, ANTONYM

Place the word cards face up in a column under the WORD header card.

Place the synonym and antonym cards face down in a stack.

Take turns picking the top card from the stack. Determine if it is a synonym or antonym by reading the bottom of the card. Read the words in the middle column and determine where the synonym or antonym card should be placed.

When you finish, copy the columns of words, synonyms, and antonyms in your Notebook.
